

**U.S. DEPARTMENT OF HEALTH AND HUMAN SERVICES  
CENTERS FOR DISEASE CONTROL AND PREVENTION**

**ORDER PURSUANT TO SECTION 361  
OF THE PUBLIC HEALTH SERVICE ACT  
RESCINDING MOVEMENT RESTRICTIONS**

On May 25, 2007, CDC issued to \_\_\_\_\_, an order of provisional quarantine and medical examination at \_\_\_\_\_ authorizing respiratory isolation and medical evaluation for \_\_\_\_\_. This order expired on May 28, 2007 at 1:00 P.M.

On May 27, 2007, CDC issued an order pursuant to section 361 of the Public Health Service Act, ordering that \_\_\_\_\_ be transported from \_\_\_\_\_ to \_\_\_\_\_, via non-commercial transportation. Sections B & E of this order remain in effect.

On May 30, 2007, I issued a revised order pursuant to section 361 of the Public Health Service Act, ordering that \_\_\_\_\_ be transported from \_\_\_\_\_, via non-commercial transportation to \_\_\_\_\_ and that \_\_\_\_\_ remain there under restricted movement until rendered non-infectious as determined by the CDC Director (or a designee) or until all federal restrictions are rescinded.

These orders were necessary and appropriate. \_\_\_\_\_ is currently at \_\_\_\_\_ where \_\_\_\_\_ is expected to receive appropriate treatment for \_\_\_\_\_.

The Denver Health Authority Public Health Department has issued an order pursuant to the Revised Statutes of Colorado (25-4-506 and 25-4-507), and the Revised Municipal Code of the City and County of Denver (Article II, Sections 24-16, 24-17, 24-19 and 24-22), ordering that \_\_\_\_\_ be detained at \_\_\_\_\_ until further laboratory tests indicate that \_\_\_\_\_ is no longer contagious.

Accordingly, I find that the measures established by local health authorities are sufficient to protect the public's health. CDC will continue to provide input and consultation to appropriate authorities on the diagnosis, management, and methods for preventing the spread of communicable disease.

Accordingly, I **ORDER**, that the May 27, 2007, and May 30, 2007, orders restricting the movement of \_\_\_\_\_ be **RESCINDED**.
